Fall 2009 COLLOQUIUM SERIES GRANULAR AND MULTIPHASE FLOWS

Sponsored by

The Granular Science Laboratory

New Jersey Institute of Technology Mechanical Engineering Center

University Heights, Newark, New Jersey 07102 11:30 a.m. – 1:00 p.m.

All seminars will be held in MEC 224 unless otherwise indicated

October 12 Prof. Beena Sukumaran

Influence of Inherent Particle Characteristics on the Shear Strength Properties of Particulate Materials

Rowan University

Department of Civil Engineering

November 9 Prof. Denis L. Blackmore

Tapping Dynamics for a Column of Particles

New Jersey Institute of Technology Department of Mathematical Sciences

December 7 Professor William O. Williams

Mechanics of Tensegrity Structures

Carnegie Mellon University

Department of Mathematical Sciences

Refreshments served at 11:30 a.m.

These seminars will count as attendance credit towards the Fall 2009 ME Colloquium Series ME-794

For further information, please contact Dr. A. Rosato (rosato@njit.edu; 973-596-5829).
